Victoria: I fell on the 12th August, I was admitted at Paardekraal Hospital for 2 weeks because of the stroke. My right side was not working, I was examined by doctors and went for x-rays and brain scans. I was supposed to go to the Tshwane Hospital for 2 weeks for therapy but on the 25th I went to church, miracle just happened, I got healed & made whole! I do have medical prove of that. I was supposed to go to Helen Joseph Hospital on the 12th September for another brain scan to see how big the clot in my brain is! Now I am totally healed. God is love. Thank You Lord! (She said while paging the Bible "Can you believe this?")

Sister Sweeta was knocked down by a car, but she did not sustain any injury not even a single cut on her skin – Praise God!
Brother Gideon has a grateful heart toward the Lord, he was without a job for 7 years, Pastor Ben prophesied over him and the Lord gave him a job! Nothing is impossible or too difficult for God!

Psalm 91 Protection for the Igwe Family!

We thank the Lord for His divine protection over our children and possession, while we were out for a meeting one night, our children had the heater on and they were fast asleep! The heater was very hot but nothing happened! We give Jesus all the praise for His protection!

JESUS IS THE HEALER!

WONDERFUL WORKING POWER IN THE CROSS!

I have been declared to be a stroke victim, I have had 5 major strokes, over the last 14 years. This is the report of medical science. On the 2nd July, 2010 in a Women's meeting in Pietermaritzburg, there was a moment, in the ministry that all were asked to come and nail issues, challenges we were having, on the cross. I noticed that there was a visitor who was paralyzed on the left-side, another sister and I assisted her to the cross. When we brought her back to her seat, I crossed the room to go back to my seat and I was knocked of balance, I knew what was happening, paralysis went into my left side of my body and went to my right side, they told me that, a medical sister who is family of sister Pretty could not find a pulse – I was dead for 2 hours. What a miracle! When I came to, the ambulance had not arrived yet! Shall we say: GOD WANTS ALL THE GLORY!! And here I am in my right mind with a straight face and body!

O give thanks to the Lord, He is good ….

My testimony Pretty Jacobs: In June, 2013 we were in Pietermaritzburg I developed a severe pain on my hip effected my groin and I couldn't walk properly due to pain. Kay took me to hospital. The doctor sent me for x-rays. The x-rays showed that my spine was terribly dismantled, the bones out of shape as well as my shoulders due to arthritis. I asked for a walking stick to balance my left leg. In my prayers I told the Father that as soon as I get to Johannesburg I will be healed because I knew that Pastor Ben was ordained by God to heal the sick. When Pastor saw me he said 'Mamma I've never seen you on three legs, come forward,' as I walked towards him my faith rose to a higher level to connect with his faith for me as a shepherd of God with healing in hands and in his voice and the word of God commanding the sickness out in Jesus' Name! I was healed from that moment. Pastor said I must walk up and down, the pain was completely gone. Praise God, O my soul! Amen!
